Summary of ADOT document

Occupation Standard 1 – Remove, collect and dispose of litter and detritus from the ground

This OS explains about the Cleaning and Waste Collection

- Know your work area and cleaning instructions
- Know the number marked on the bin, where bins are and the types of bins you need to clean
- Identify and use the right tool and equipment to remove litter, dust, and debris (Litter Picker, Waste collection Bag, Broom, Shovel, Waste collection trolley wheel Bin etc.)
- Use tools, items and trolley bins safely and store them properly after use
- Collect all waste and avoid picking up sand
- Empty the bins and clean properly; replace bags if used
- Dispose the waste at correct collection point when collection Bag/Trolley Bin is full
- Report to supervisor if you see dangerous or harmful waste (Ex: Medical waste, Acid Bottles etc.)
- Keep area around bins clean and tidy after emptying
- Report any problem to your supervisor (Ex: Like Broken tools, Broken Bins etc.)

Occupation Standard 2 - Manage self, money and dignity at workplace/in the field

This OS explains about Self-Discipline and Workplace Behavior

- Stay clean, hygienic, and wear your uniform properly (Safety Uniform, Dust Mask, Hand Gloves, Cap, Safety Shoe, etc.)
- If you are sick or injured, get help quickly
- Work correctly and follow daily duty routine
- Always be polite and respectful to everyone
- Talk nicely to the public, drivers, and others around you
- Maintain good behaviour at work place and never do anything that gives a bad name to Tadweer or Abu Dhabi
- Respect and communicate well with your supervisor

Occupation Standard 3 - Work in a safe, healthy and an environmentally friendly way

This OS explains about how to work safely, follow environmental and safety rules and protect yourself, others, and the surroundings during work.

- Use tools and items carefully
- Do your work as per the safety rules, training, and company procedures.
- If you see any safety or environmental danger, follow safety procedure to control it or report it to your supervisor
- Share your ideas or problems with your supervisor to continue better work
- Dispose of waste safely and in correct bins to maintain safety
- Protect yourself and others while working in public
